

TIFAN 2022-23

TIFAN (Technology Innovation Forum for Agricultural Nurturing), organized by SAEINDIA OFF-HIGHWAY. This event held on 3rd and 4th June 2023 at MPKV University, Rahuri. The event sees participants from all over India at it serves has platform for students to design and fabricate the automated multi vegetable transplanter for the farmers. The TIFAN 2022-23 competition is designed to evolve around the theme of challenges in the area of vegetable transplanting and there by the theme chosen for this year is ***“Automated Multi Vegetable Transplanter”***.

Objective

The SAE-INDIA TIFAN competition, challenges teams of undergraduate engineering students to conceive, design, fabricate, develop and compete with automated transplanter farm machinery, in an event with field demonstration. This engineering event gives teams the maximum design flexibility and the freedom to express their creativity and imaginations, however there are very few restrictions on the overall Machine design as explained in the rule book.

ACHIVEMENT - Best Innovation and Design Award (Price – 25,000/-)

LIST OF TEAM MEMBERS

Sr.No.	Name	Class
	Mr. I. I. Sayyad Faculty (Co-ordinator)	
1	Ghumare Tushar Dattatray (Captain)	B. Tech
2	Devkate Nikhil Ashok	Third Year
3	Deolalikar Utkarsh Devendra	Third Year
4	Landge Devesh Dattaram	Third Year
5	Gawali Shubham Sambhaji	Third Year
6	Shelar Ganesh Namdev	Third Year
7	Pise Satish Ankush	Third Year
8	Gavhane Amol Bhagwan	Third Year
9	Shaikh Sahil Ramjuddin	Third Year
10	Mahanor Krushna Dnyaneshwar	Third Year
11	Md Aijaj Yunus Pathan	Third Year
12	Alok Arvind Pandey	Third Year
13	Wadhe Mohit Laxman	Third Year
14	Nishad Radhakisan Vanve	Third Year
15	Shinde Ishwari Santosh	Third Year

16	Devhare Sandhya Jaykumar	Third Year
17	Bhaskar Akanksha Vikram	Second Year
18	Deokar Mansi Anil	Second Year
19	Sakshi Rajendra kawde	Second Year
20	Kadam Vaishnavi Sanjay	Second Year
21	Bhaskar Jagruti Pradip	Second Year
